| Giraffe | 2400 |

Other game like Kudu and wildebeest can be hunt in on of my other areas.

All accommodation, transport, drinks and meals are included.

Springbuck

Oryx

Oryx

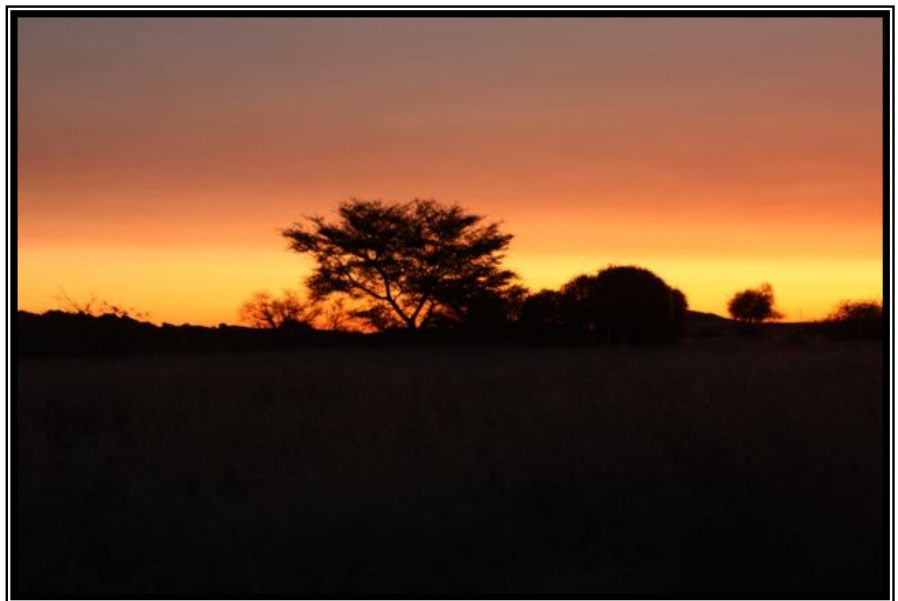

Description of the hunt:

Hunt the Puros conservancy in the extreme north west of Namibia. It is one of the best places to do free roaming game and spend nights in a fly camp under the stars of the namib desert. It is the home ground of Springbuck, Oryx, Hartman Mountain Zebra. There, you can still see Black Rhino, Elephant and Lion as it was in Africa many years ago and can follow the migration in and out of big dry riverbeds as the season change.

It is a desert area with big open plain with mountains and dry riverbeds that have a fountain also. It is a live line that all depend on, and take care of with respect.
