Fishing can be added to the trip

US\$260/day; includes accommodations, breakfast, lunch pack and fishing. (dinner not included)

9 Hunting days - 8 Animals included

All hunting will take place in the Northwest part of Namibia on tribal conservancy lands. The conservancies consist of wide open space with good populations of wildlife. The hunts will be conducted out of tented camps with smaller fly camps utilized in the middle of the wilderness.

All hunting is done by spot and stalk, either from a hunting vehicle or walking.

The areas consist of open plains bordered by mountain ranges and large river beds where old Camel Thorn trees grow. Perfect hunting environment with lovely nature for photos.

Most conservancies may be reached in a days travel or less from Swakopmund/Walvis Bay. If there is a special request to fish for shark in the beautiful Atlantic Ocean it would be a days travel back to Swakopmund.

The best point of pickup for these hunts would be Walvis Bay Airport, which is located on the coast of the Atlantic Ocean. There will be a driver awaiting your arrival at the Walvis Bay Airport, where the journey will begin to the selected hunting area(s).

Chatter flights can also be arranged to and from the hunting area, but it is not included in the prices. By flying you have more hunting time.
